## NEXUS ENGINEERING GROUP RAISES \$3,750 FOR HOMELESS WOMEN AND FAMILIES LIVING IN TOLEDO, OHIO

Beach House Family Shelter receives generous gift from local engineering firm just before the holiday season.

*Cleveland, OH* - Nexus Engineering Group, LLC donated \$3,750 to Beach House Family Shelter located in Toledo, OH. Employees of Nexus raised \$1,875, which was matched by the company dollar-for-dollar bringing the total gift to \$3,750 to the Beach House for their annual Holiday campaign for 2016.

The Beach House Family Shelter helps individuals and families regain their independence. Founded nearly 100 years ago in 1921 by Helen Beach, wife of Mayor Samuel Jones at the time, as a shelter for unprotected women and children. Beach House fosters positive changes through structured programs focused on goal setting, education, employment, and life management.

Over the years, the community needs in northwest Ohio have changed, and so has Beach House. The shelter has expanded its role in providing housing to the homeless in the greater Toledo area. The program now includes shelter for intact families, including the husband, and single parent fathers with children. The home has 22 beds, 2 junior beds, and 5 cribs and six bedrooms on the second floor as well as meeting rooms and full kitchen and dining rooms.

“The Beach House is a safe haven in Toledo where members in our community that need a little help can go and get it,” says CEO of Nexus Engineering Group, Jeff Herzog. “We were delighted that our employees had the generosity and enthusiasm to help such a great cause to help those in need. We encourage and reward that behavior in our company, so we matched the giving amount again this year,” he states.

Beach House is one of several charitable and community based organizations and causes that Nexus Engineering Group supports throughout the year. Others include educational programs, gift giving, and donations to local charities that have impact on the local community and those less fortunate.

## **About Nexus Engineering Group LLC**

Nexus Engineering Group LLC, headquartered in Cleveland, and with offices in Maumee, Ohio and Houston, Texas, is a full-service, independent engineering firm focused on supporting clients' specific project goals from concept to startup. Since 2005, Nexus has been the preferred engineering firm of choice in the refining, petroleum midstream, chemical, manufacturing and utilities industries.

With more than 100 professionals on staff, Nexus is made up of experienced process, instrumentation and controls, structural, electrical, mechanical, and piping professionals with decades of hands-on conceptual and detailed system design and construction and project management experience.

Nexus delivers project designs that reduce overall risks resulting in safer work environments. By utilizing state-of-the-art software and innovative design tools, Nexus consistently meets client project and investment requirements. Get to know us and you will agree that Nexus is not your typical engineering firm - *"We think differently"*.
