NEXUS ENGINEERING GROUP MOVES UP ON LIST OF TOP ENGINEERING FIRMS IN NORTHEASTERN OHIO

Nexus moves up two positions on Crain's Cleveland Business 2019 list of largest engineering firms

Cleveland, OH - Nexus Engineering Group, LLC is proud to be listed as one of the largest engineering firms in Northeastern Ohio in Crain's Cleveland Business annual ranking. The company moves up two positions from 24 to 22.

This is the second year that Nexus has been included in Crain's Cleveland Business 2019 Book of Lists. Crain's ranks the largest engineering firms by the number of registered professional engineers in Northeast Ohio. This listing also includes details on the total number of engineers and employees, and revenue generated locally in 2018.

Nexus experienced record growth in 2018, increasing revenue by 20% over the previous year. This growth and continued hiring in Northeast Ohio propelled the company up the list of largest engineering firms. Since last year, Nexus added more than a dozen new engineers and several professional engineers.

"2018 was another great year for Nexus," said President Jeffrey Herzog. "We grew existing client relationships, expanded our business, and made significant investments in our team and our technology. Our focus on making Nexus an exciting place to work, learn, and grow is the key to delivering great results." Herzog stated.

Nexus remains a standout, highly respected, and innovative engineering firm in the refining, petroleum midstream, chemical, manufacturing, and utilities industries. The company has 116 employees, including 75 engineers, and offices in Cleveland, Toledo, and Houston. Mr. Herzog expects Nexus' growth to continue in 2019 and beyond.

About Nexus Engineering Group LLC

Nexus Engineering Group LLC, headquartered in Cleveland, and with offices in Maumee, Ohio, and Houston, Texas, is a full-service, independent engineering firm focused on supporting clients' specific

project goals from concept to startup. Since 2005, clients have recognized Nexus as the engineering firm of choice in the refining, petroleum midstream, chemical, manufacturing and utilities industries.

With more than 100 professionals on staff, Nexus is made up of experienced process, instrumentation and controls, structural, electrical, mechanical, and piping professionals with decades of hands-on conceptual and detailed system design and construction and project management experience.

Nexus delivers project designs that reduce overall risks resulting in safer work environments. By utilizing state-of-the-art software and innovative design tools, Nexus consistently meets client project and investment requirements. Get to know us and you will agree that Nexus is not your typical engineering firm - *"We think differently"*.
